Question 2

"Taking into account your local circumstances, please name two other parishes with whom you would be able to work in close collaboration, so as to be more effective in the Church's role as evangeliser, putting into practice the principles articulated in 'Called to be a People of Hope', and ensuring sacramental provision in your area?"

(In answering this question, ALL neighbouring communities, not necessarily ones in your current deanery should be considered. In your answer, which should be as full as possible, please explain the reasoning behind your decisions - please remember that we cannot hope to know and understand YOUR local area as well as you do so it is important that you make your reasoning clear. There are a list of factors in the accompanying document that you may wish to use to help you in your discussions).
